1. As [redacted] requested on 21 October, we have prepared the attached report on the background and proceedings of the World Conference of Chemical and Petroleum Workers, held in Bucharest, Rumania, from 21 to 26 September 1954. Reference (a) was a preliminary report, giving the information available in Washington at that time on the background of the conference. It is brought up to date and superseded by the attached report, to meet [redacted] present need. 25X1A8a

2. With the concurrence of IO Division, [redacted] initiated a State Department instruction to the appropriate embassies to forward all information, as it developed, on preparatory activities, propaganda build-up, names of delegates and proceedings and any other pertinent information. Although some information has been received as a result of this instruction, the lack of publicity, even by the Communist press in countries where advance publicity would be expected, has prevented preparation of a complete account of the conference. To date, no official account of the proceedings has been received from Embassy Bucharest; partial accounts have appeared in the FBIS daily reports and have been used here to sketch an approximation of the proceedings. Any additional information received will be forwarded to [redacted] 25X1A8a 25X1A8a
